Greenstuff scoops *"Decorex Excellence Award"*

Award winners at Decorex 2010 in the Cape Town International Convention Centre.

What a wonderful acknowledgement for our hard work and determination to find at least one "greener" alternative for everything in a typical home. We managed to furnish a five-roomed house with only eco friendly building materials, furnishings and products. Everything, except the bed. Huge, big thanks to the following people for making this stunning project possible.

- Pick 'n Pay for sponsoring the floor space
- Melanie, the Decorex Exhibition Director, for her faith in our vision
- Nicholas de Klerk of Design and Display for the stunning "Bali" plank structure
- Quantum Project Managers for their kindness, efficiency and resourcefulness
- Duchenne Cabinetry for speed and accuracy in building the structure
- And most important of all: the subscribers to Hotelstuff.co.za and Greenstuff.co.za

The judges were Aidan Bennetts (Aidan Bennetts Design); Sharon Sager (Sager Associates); Johan van Zyl (VISI editor), and architect-designer John Sofio (Built Inc, Los Angeles).
