Hotelstuff and Greenstuff Newsletter: Issue #67

May 2020

Hello from Lorraine and the Hotelstuff Team

Many of us in this network have been together for 30 years!

We know and understand each other.

Together we will weather this storm, prepare and adapt.

Unprecedented disruption requires unprecedented collaboration, support and sharing of resources.

We, with you, have everything we need.

How are you coping? What's worrying you the most? I was worried sick about you and us. (Did you know there are over 25,000 of you in our network now? That's a helluva lot of people to worry about!)

BUT... I have taken two courses to improve my skill set and I have been on dozens of virtual workshops, webinars and panel discussions.

AND... I am feeling much, much better!

PREDICTIONS, OPINIONS, TIPS AND SOLUTIONS

I've worked closely, every day, with industries we are most involved with, given a lot of thought and researched current views and options for all of us to survive the lockdown and emerge resilient and reassured. I have read and listened to everything I could and have created a library of data related to the Corona Virus, the lockdown and how it will eventually evolve. From this I distilled advice and tips on how we can cope and prepare for the paradigm shift ahead.

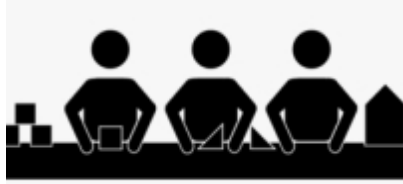

With this material, I developed a new workshop "A Paradigm Shift - Life and Tourism Beyond Covid-19" which has been presented three times and which has received some lovely feedback and reviews. I will be inviting you to similar events, specifically designed for you, very shortly.

WHERE TO NOW?

We are living our future history.

First we must ease ourselves into our new future, dust ourselves off and then celebrate the fact that we have an extraordinary opportunity to change some elements of our lifestyle and our businesses. We've seen the best and the worst of a global shut down. We will focus on the best and together explore how to make better choices.

This is what we offer you.

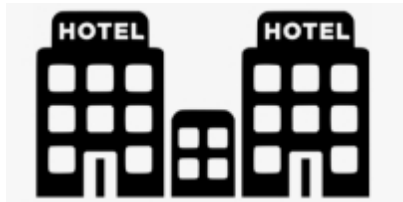

TO SUPPLIERS:

Now is the time to remind your customers that you are ready and waiting to be of service. Let our team refresh your listing on the Hotelstuff database for you. I have developed a workshop especially for you, the suppliers in our network, with advice from experts. It is essential to remain visible. Buyers have time to search for new suppliers and you need to be found at the click of a mouse. We will also soon invite you to participate in an event where we will promote your company and remind the thousands of folk who use Hotelstuff that you're alive, willing and able.

TO BUYERS:

Now is the time to explore our database for different suppliers. We've actually been surprised at the continued activity on our websites by buyers during lockdown. If you're thinking of improving your greening initiatives, Greenstuff.co.za has everything you need. It is free. We will soon invite you to join us for a workshop on the latest trends in "Sustainable and Green Procurement and Supply Chain Management". This is a workshop which I have presented in many African states and abroad. This time it will include lessons learned during Covid-19 about supply chains.

TO THE TOURISM AND HOSPITALITY SECTOR (Applicable to All Industries, in fact):

Now is the time to step back and look at new, more sustainable ways to manage your business. I have consulted to top establishments and been Chief Judge for the Lilizela awards. I will soon be running a training webinar for tourism destinations, transport, accommodations, operations, furnishings, food, beverages, cleaning, maintenance, risk management - entire service - to share how easy it is to begin making different choices to protect your environment, reassure your clients and with a unique study on the parallels of the Corona Virus and Climate Change with advice on how to prepare and adapt to future proof your business.

TO ALL OF US:

With so much time to think, have you noticed how little we need to have "enough". Join me for one of the online chats to share ideas on how to step back and visualise a future that is kinder to us and everything we use. Watch this space.

Please send us any thoughts you have and some extra ideas of the way forward. We have work to do.

Meantime, stay home, stay safe. See you soon in our brand spanking new Zoom Room.

What We've Been Up To

A PARADIGM SHIFT - LIFE AND TOURISM BEYOND COVID-19

My first foray into formal Virtual Speaking!

Chatting to family and friends on Skype and Zoom is not the same as addressing a gallery of faces on a plastic screen when you're used to a room of warm bodies and animated faces!

The Corona Virus has thrown every industry, especially the tourism industry, into disarray. Up to 1.1 million jobs will be lost in tourism alone.

There are predictions, statistics, opinions, proposed guidelines, social media posts, articles, media interviews, blogs flying about in frenzy - almost a panic.

So I read, watched and listened to everything that came my way and compiled a huge file of data from trending information. I divided the material into topics and lists and distilled it into bite-size sections to calm down the noise. In all my work, my motto is to keep it simple, objective and practical. We can find detail later.

The purpose of the workshop is to encourage, inspire and give hope by sharing current thinking of as many sectors as possible and especially to share advice from experts to the operators and owners of properties and destinations in our network and the suppliers and buyers who support them.

I also studied the parallels between Covid-19 and Climate Change and the unique opportunity the people, politicians and industry have to make better choices as we gradually move beyond the lessons we've learned during the Corona Virus.

The workshop was a wonderful success and we received excellent feedback from the participants. I will soon divide the contents into separate categories and offer these to anyone who will listen!

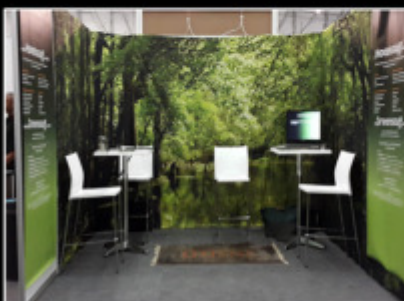

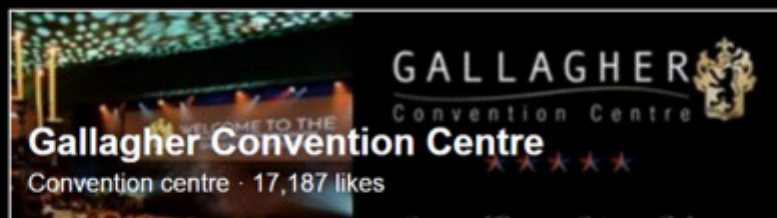

SARCD A at Gallagher Convention Center

We took an stand at SARCD A this year at Gallagher for the first time - not to display our subscribers' products - but to promote our Hotelstuff.co.za and Greenstuff.co.za directories, meet other manufacturers and suppliers, and to chat to exhibitors and visitors about our expertise in hospitality products and the growing interest in environmentally conscious products.

The show was incredibly busy with people crowding the stands and the aisles, and to our deep unease, the Corona Virus had just taken hold in South Africa! Thank you to Lorna Weidermann and her daughter for manning the stand and taking safety precautions throughout.

We were glad we had decided to join SARCD A and delighted with the positive response we got from exhibitors and visitors and will be even more involved for their Christmas exhibition.

Who are we?

Hotelstuff: Conceptualised as a platform for trade introductions and online directory of suppliers, Hotelstuff has since evolved into a sophisticated business tool and much more than just an online directory. Today, many procurement departments from every industry and also homeowners use our two directories as their primary supplier list. Better still, it costs nothing for buyers to contact those listed in our directory. Suppliers simply pay an annual registration fee for their directory listing. Please note **WE ONLY MANAGE THE WEBSITES** and do not get involved in sales or quotes.

Greenstuff: Sister website to Hotelstuff, Greenstuff is a separate online directory of the green or eco-friendly products of suppliers listed on Hotelstuff.

Quick & Simple: No middle man. Interaction between the third parties is direct and enquiries are channelled to the supplier at no cost. The conclusion of the sale or interaction is not influenced by Hotelstuff in any way and we don't receive commissions or referral awards.

Virtual Helpdesk: As a value-add, we offer a free virtual Helpdesk for buyers who can't find what they need on our sizeable directory or are looking for unusual products or services. Given Lorraine's insight and 15-year tenure in Africa's largest hotel chain as Contracts and Purchasing Manager, she is more than qualified to refer and advise.

Conference & Event Stuff (Eco) Directory: We have created a new directory which provides anyone, wanting to host a green event, with easy-access tools to source venues, organisers and product suppliers that are offering 'eco' options.

Green Hospitality Consulting: If you sell accommodation or manage a restaurant, call us about a consultation or to run a simple workshop to help you and your staff understand what 'going green' entails and why it needs to be taken seriously - in short, we'll get everyone's buy in, including yours! And if you are a supplier, let us assist with greening your manufacturing process and the lifecycle of your product and packaging.

Speaking & Workshops: Ask Lorraine to come and address you, your team or your community. Lorraine is a member of PSASA and has become a popular motivational speaker on sustainable and responsible tourism, hospitality and family lifestyle. All aspects of sustainable, eco and green issues are addressed, debunking the myths and demystifying the jargon and leaving the audience positive, motivated and with easy solutions. She has been invited to speak at international conferences, seminars and exhibitions, right through to small local functions. www.lorrainejenks.com

Awards: Lorraine has received numerous awards and commendations for her commitment to responsible tourism and hospitality in South Africa. [Read more about the awards here.](#)
