Hotelstuff and Greenstuff Newsletter: Issue #61

October 2018

Hello from Lorraine and the Hotelstuff Team

Breaking news - we need your help!

We're developing an exciting new database - an online directory of organic food venues for tourists visiting South Africa (and us of course)! Please help us grow the list.

There is a growing group of tourists who don't only want to sit on buses. An exciting trend has started among tourists to want an experience to meet others, explore, taste and discuss good foods. Please think of all the places where these visitors can go.

WE WILL HAVE AN APP!

This is an international campaign that we are working on, following last week's Slow Food Terra Madre Salone del Gusto - the amazing good, clean and fair food festival in Turin Italy. It will be in partnership with a major travel booking service. We'll be sending further details soon.

Please just click on "reply" to send the names, region (and contact details if you know them). Think of any places that can meet these standards:

GROWERS, FACTORIES OR PRODUCERS (places foodie tourists would like to visit)

- Veggie and fruit gardens and orchards
- Livestock facilities - meat, dairy producers, cheese makers
- Fisheries - harbours, stalls, shops
- Beverage producers - wine, beer, fruit juice, spirits
- Bread makers
- Deli meat producers
- Preserves or condiment factories

FOOD CRITERIA

- Organic
- Non GMO
- Free range
- Hormone and antibiotic-free
- Locally grown
- Seasonal
- Street and indigenous food

FOODIE TOURISTS LOOK FOR PLACES TO...

- Eat
- Drink
- Shop
- Tour
- Watch demos
- Buy fresh produce
- Have authentic culinary experiences

A TALE OF TWO FUTURES - watch this space!

We are planning a confex early next year to address all aspects of climate change, sustainability, greening and the future of food as applicable to tourism, public and private sectors. Specialists will be invited to present on the major topics.

Following a special request from our Hotelstuff and Greenstuff subscribers, the emphasis will be on South African products to encourage job creation and support our local economy in keeping with the theme of the event.

*****We've had a record number of new and repeat suppliers the past couple of months. Have a look further down for more information on who they are and what they offer.*****

Please remember to 'LIKE' both our Facebook pages:

What We've Been Up To

THE HOTEL SHOW AFRICA 2018

Last year we had four stands, displaying big and small items from suppliers who are listed on our Hotelstuff and Greenstuff website directories ([watch the video here](#)). This year we decided to have one big stand to display the smaller products to give everyone a fair chance of being noticed.

Our reason for exhibiting at this show is to give the subscribers to our Hotelstuff and Greenstuff websites an opportunity to showcase their products. It is a value-add to our online directories so that they are not just listed on dormant cyber databases. We don't sell anything or take commission on sales. It is simply a service to further promote the products of our subscribers. Read more about it in our [Project Gallery: The Hotel Show Africa 2018 - Hotelstuff/Greenstuff Stand](#).

Aside from the usual joy of seeing old friends and contacts from our South African network, we had many visitors from Seychelles, Mauritius, Namibia, Botswana, Zimbabwe, even Egypt.

There were some interesting new products on show, like virtually waterless laundry machines and composting toilets - all suddenly of interest because of the water challenges in our country. And, encouraging to me to continue with my workshops on green hospitality and the impact of climate change on tourism in Africa.

Thank you to Tahnya, Bill, Corrina and Robyn for many hours getting the show together and to Robyn's Mom, Allison, her domestic helper, Nothando and student Kyle for helping to build and furnish the stand.

A special THANK YOU to all our suppliers who participated in this display. We appreciate your support!

FOOD TRENDS AND CHALLENGES (The Hospitality Leadership Forum at The Hotel Show)

I sat with this row of giants in their field; dedicated and creative executive chefs.

We had some superb discussions and opinions on topics like getting back to basic foods and recipes; what diners expect; thoughts on organics; trends in South Africa; and new thinking on the creative management of waste.

I was afforded an opportunity to talk about my work on the impact of climate change on tourism and food in Africa, our work with Slow Food International, research into waste in the hospitality sector in South Africa, our food garden projects in the townships and my experiment to compare taste and costs of organic versus industrial foods.

What a privilege to share with and learn from the best in the business!

Thank you to Martin Kobald-ChefMilk (World Assn Chefs) for skillful moderation and thank you to Matthew Foxon (54 on Bath), Blake Anderson (Monte Casino), Hoshan Naudu (InterConti ORT), Anton De Villiers (Jhb Country Club), Stuart Cason (Hilton), Jane-Therese Mulry (Saxon), Jandri Tiaan Niemand (Fairlawns) for a fun two hours.

SAACI - SA ASSOCIATION for the CONFERENCE INDUSTRY

Now here's an innovative way to get more speakers involved at a conference.

Two speakers presenting, with two screens on stage, at the same time. Delegates are given earphones with a switch to tune into the speaker they prefer. Room is silent.

Mine are the ones with green earphones... the ones who are laughing... the majority, dare I say!

A bit disappointed - after two days of research and preparing my presentation - and more than a bit apprehensive about the Silent Panel technology. But it actually turned into a fun event; a win/win. Plus, I probably got the people who were really interested anyway.

Spoke on the Impact of Climate Change on the Tourism and Events Industry, with an emphasis on the future of food.

Thank you SAACI Official for the opportunity. It was an excellent event. And, thank you Silent Events SA.

Who are we?

Hotelstuff: Conceptualised as a platform for trade introductions and online directory of suppliers, Hotelstuff has since evolved into a sophisticated business tool and much more than just an online directory. Today, many procurement departments from every industry and also homeowners use our two directories as their primary supplier list. Better still, it costs nothing for buyers to contact those listed in our directory. Suppliers simply pay an annual registration fee for their directory listing. Please note **WE ONLY MANAGE THE WEBSITES** and do not get involved in sales or quotes.

Greenstuff: Sister website to Hotelstuff, Greenstuff is a separate online directory of the green or eco-friendly products of suppliers listed on Hotelstuff.

Quick & Simple: No middle man. Interaction between the third parties is direct and enquiries are channelled to the supplier at no cost. The conclusion of the sale or interaction is not influenced by Hotelstuff in any way and we don't receive commissions or referral awards.

Virtual Helpdesk: As a value-add, we offer a free virtual Helpdesk for buyers who can't find what they need on our sizeable directory or are looking for unusual products or services. Given Lorraine's insight and 15-year tenure in Africa's largest hotel chain as Contracts and Purchasing Manager, she is more than qualified to refer and advise.

Conference & Event Stuff (Eco) Directory: We have created a new directory which provides anyone, wanting to host a green event, with easy-access tools to source venues, organisers and product suppliers that are offering 'eco' options.

Green Hospitality Consulting: If you sell accommodation or manage a restaurant, call us about a consultation or to run a simple workshop to help you and your staff understand what 'going green' entails and why it needs to be taken seriously - in short, we'll get everyone's buy in, including yours! And if you are a supplier, let us assist with greening your manufacturing process and the lifecycle of your product and packaging.

Speaking & Workshops: Ask Lorraine to come and address you, your team or your community. Lorraine is a member of PSASA and has become a popular motivational speaker on sustainable and responsible tourism, hospitality and family lifestyle. All aspects of sustainable, eco and green issues are addressed, debunking the myths and demystifying the jargon and leaving the audience positive, motivated and with easy solutions. She has been invited to speak at international conferences, seminars and exhibitions, right through to small local functions.

Awards: Lorraine has received numerous awards and commendations for her commitment to responsible tourism and hospitality in South Africa. [Read more about the awards here.](#)
